Founded in March 2003, Weifang Changsheng Food Co., Ltd. is a modern, standardized production factory that specializes in fresh ginger storage, processing, selling and importing-exporting, and so on .The company is located in Anqiu City, Shandong Province, covering an area about 19,000 square meters.The company has five chilled warehouses with holding capacity over 3,000 tons. Additionally, it is equipped with 2 sets ginger washing and processing line, 1 advanced fresh air-dry room and 1 packaging room , total area about 10,000 square meters.

The company products are mainly exported to Japan, North America, UK , Holand and other European countries, with annual output 10,000 tons (500 containers). The company already established stable and long-term partnerships with several renowned companies in Japan and UK. These years, the company is always developing and planting its own ginger farms, 500mus Globalgap farm in Shandong , and 200mu own organic farm in Guangxi Province and 200mus organic farm in Thailand etc. The company has its effective and comprehensive traceability system, to make sure every shipping can be tracked quickly and effectively from ginger farm, raw material warehouse storing, processing ,loading and shipping to customers. This is very helpful and was highly recognized by domestic and abroad clients.

The company obtained certificates: HACCP, BRC, EU organicfarm and processing certificate, GLOBALGAP certificate.

Weifang Changsheng Food Co., Ltd. is committing to provide high-quality and safety products to every customer, and would like to establish long and stable business relationship under mutual benefits.
